Tipping Point Community was founded with the hope that a few passionate people with a smart idea could ignite a movement that would change the face of poverty in the Bay Area. Thanks to you—our donors, our grantees and our strategic partners—in 2008 that spark caught fire.

With your support, this year we raised more than $6 million to fight poverty in the Bay Area, a 200% increase from 2007. And because our board continues to underwrite 100% of our overhead costs, every dollar donated goes directly toward providing children in low-income neighborhoods with college preparatory education and adequate healthcare, training the under and unemployed for living-wage jobs, giving families a safe place to live and making it possible for people to access the tools required to become self-sufficient in the Bay Area.

Thank you for allowing us to turn your good intentions into tangible results.

DUE DILIGENCE

We do the homework for you.

In the Bay Area there are more than 11,000 non-profits to choose from when investing your philanthropic dollars.

Since 2005, Tipping Point has made 200 site visits to invest more than $3 million in 21 of the best poverty-fighting organizations in the Bay Area.

Tipping Point doesn’t follow traditional funding cycles; we partner with groups for the long-term and renew grants annually.

I grew up in East Palo Alto. My mom worked four jobs so she couldn’t always be there for me. Most of the girls I grew up with ended up in jail or pregnant. I had hopes of doing something bigger, but wasn’t sure how to get there. Thanks to BUILD, I’m majoring in Business Marketing at Johnson & Wales University and will be the first person in my family to graduate from college.

JAHVITA RASTAFARI, FORMER BUILD STUDENT

I wish Tipping Point could be in every community we expand into because we would be more ensured of success.

**EDUCATION/YOUTH DEVELOPMENT**

**BUILD** provides real-world entrepreneurial experience that empowers youth from under-resourced communities to excel in education and succeed professionally.

**Envision Schools** prepares students for success in college, especially those first in their families to attend, by operating small, high-performing public high schools in San Francisco and Oakland that engage an intentionally diverse range of students in rigorous academic work.

**Fresh Lifelines for Youth (FLY)** reduces juvenile crime in the South Bay by providing positive role models to disadvantaged and at-risk youth, equipping them with the tools to make positive life decisions.

**Guardian Scholars** helps former foster youth attending San Francisco State University stay in school and graduate from college.

**KIPP Bay Area** lends back-office support to KIPP schools in the Bay Area, enabling them to provide their students with a pathway to success in college and in life.

**Next Step Learning Center** helps East Bay youth and adults increase their literacy, earn their GED and gain access to post-secondary education.

**Reading Partners** (formerly YES Reading) addresses academic underachievement and improves literacy among low-income students by providing one-on-one tutoring in under-resourced elementary schools throughout the Bay Area.

**Youth Justice Institute** reduces juvenile incarceration and recidivism in the Bay Area by providing mentoring, therapeutic counseling and case management to youth involved in the juvenile justice system.

In California, more than 70% of adults with the lowest literacy levels are unemployed. 87% of students involved in Reading Partners narrow their reading gap by the end of the school year.

We know that money alone is not enough.

The days of writing a check, walking away and hoping that your dollars are used wisely are over.

In 2008, Tipping Point and our strategic partners provided $600,000 worth of management and technical assistance to grantees.

Tipping Point maximizes your investment by connecting grantees with resources they otherwise wouldn’t be able to access or afford.

Tipping Point

Homeless Prenatal Program helps stabilize homeless families in San Francisco for the long-term.

The check is terrific, but without the management assistance we’ve received from Tipping Point, we would be at major risk of not being able to prove we are helping parents stabilize their families. Thanks to our partnership with Accenture, we’ll be able to show our clients are making it, and if they’re not making it, figure out why.

MARTHA RYAN, EXECUTIVE DIRECTOR, HOMELESS PRENATAL PROGRAM

Accenture is helping HPP run its organization more efficiently, collect the right data, track outcomes and serve its clients better.

There is technology out there that is affordable and functional, but if non-profits don’t know how to use it, it’s a waste of time and resources.

GENERAL OPERATING SUPPORT

We don’t just fund the sexy stuff.

Most funders restrict their giving to specific programs and shy away from providing the operational support required to keep those programs running.

In 2008, only 19% of total grant dollars given by large U.S. foundations were allocated for general operating support.

100% of Tipping Point Community grant dollars are unrestricted, ensuring that great programs are supported by strong infrastructure.

I wasn’t making enough money to survive. Now I can provide for my family and save a little too. Someday I hope to have my own bakery.

Mario Jerez, Employee, Rubicon Bakery

Tipping Point brings exactly what’s needed in the Bay Area—core funding and general operating support for great non-profits addressing poverty in our community. We know that work matters, work pays and work will help you exit poverty. Tipping Point is the glue that makes it possible for our programs to have maximum impact.

100% CHARITY

0% overhead

- Tipping Point Community’s Board of Directors underwrites ALL fundraising and operating costs.

- In 2008, Tipping Point’s annual benefit raised a record-breaking $3.76 million in one night to fight poverty in the Bay Area, including $1.5 million to seed six SingleStop sites.

- Thanks to you, this year we will invest $6 million dollars in the best poverty-fighting organizations in the Bay Area.

We were surprised to learn how many organizations lack an emphasis on metrics and outcomes. Tipping Point does what we wish we had time to do—screen and vet organizations so we know that 100% of what we give goes where it’s needed most. Now we give to Tipping Point in a much more significant way, and our families do, too.

TAD BUCHANAN, DONOR, MILL VALLEY

As a board member, I believe that in order to ask someone to donate to Tipping Point, the board has to be supportive and lead by example.
